**Brass Sheet and Strip From France, Germany, Italy, and Japan: Continuation of Antidumping Duty Orders**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) orders on brass sheet and strip from France, Germany, Italy, and Japan would likely lead to a continuation or

recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD orders.

**DATES:** Applicable April 4, 2023.

**FOR FURTHER INFORMATION CONTACT:**

**SUPPLEMENTARY INFORMATION:****Background**

On January 9, 1987, Commerce published the AD orders on brass sheet and strip from France, Germany, Italy, and Japan.<sup>1</sup> On September 1, 2022, the ITC instituted,<sup>2</sup> and Commerce initiated,<sup>3</sup> the fifth sunset review of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its review, Commerce determined that a revocation of the *Orders* would likely lead to continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins of dumping likely to prevail should the *Orders* be revoked.<sup>4</sup>

On March 29, 2023, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>5</sup>

The chemical composition of the covered product is currently defined in the Copper Development Association (C.D.A.) 200 Series or the Unified Numbering System (U.N.S.) C2000.

The *Orders* do not cover products the chemical compositions of which are defined by other C.D.A. or U.N.S. series. In physical dimensions, the product covered by the *Orders* has a solid rectangular cross section over 0.006 inches (0.15 millimeters) through 0.188 inches (4.8 millimeters) in finished thickness or gauge, regardless of width. Coiled, wound-on-reels (traverse wound), and cut-to-length products are included.

The merchandise is currently classified under Harmonized Tariff Schedule of the United States (HTSUS) item numbers 7409.21.00 and 7409.29.00.

Although the HTSUS item numbers are provided for convenience and customs purposes, the written description of the scope of the *Orders* remains dispositive.

## Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to a continuation or a recurrence of dumping, as well as material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year review of the *Orders* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

## Administrative Protective Order
